A MORE PEACEFUL LIFE

We all need an occasional escape, a way to relieve our aches, and the chance to renew special connections. We need more peace—peaceful bodies, peaceful minds, and peaceful homes.

While we're similar in many ways, we're also unique in how we define and find our peace. You are uniquely you. That's why Bullfrog Spas® offers the only truly personalized hot tubs and swim spas. With an incredible variety of layouts and the patented JetPak Therapy System™, you are empowered to select the spa experience that works for you, which you can then customize at any time. It's a distinctively simple design that provides unmatched reliability, efficiency, quality, and peace of mind.

It seems a little too simple, but the benefits of a personalized spa are real. Discover how a few minutes each day in your Bullfrog Spas hot tub or swim spa can create a more peaceful life.

PEACEFUL **BODY**

It's a fact: regular exercise and physical activity are necessary to maintain a healthy body. Nothing supports your health and fitness goals better than a hot tub or swim spa, personalized just for you.

Your Bullfrog Spa allows you to select the specific JetPak® massages to support recovery, rejuvenation, pain relief, or whatever your body needs. You will be able to exercise more, relieve pain, relax tired muscles, sleep better, and feel better.

PEACEFUL MIND

We all need a little time for ourselves, time to slow down, unwind, and decompress. Escape can be as close as your own backyard. In just a few minutes a day you can make relaxation a reality. Your soothing spa experience is all your own, completely personalized with your ideal selection of JetPak massages, each one suited to your specific preferences.

PEACEFUL HOME

A Bullfrog Spa makes the ideal centerpiece of a beautiful backyard and the perfect way to enjoy quality time with those you love. Whether it's a backyard get together with friends, quality time with family, or a chance to reconnect with a special someone, your Bullfrog Spas hot tub or swim spa will help you build strong connections and lasting relationships. Bring a little peace to your home.

WE ARE DIFFERENT

At Bullfrog Spas, our story is one of innovation and personalized wellness. Our spas are engineered to provide a customizable and peaceful experience. What sets us apart?

1. **JetPak Therapy System™**: Personalize your hydrotherapy with interchangeable JetPaks, each designed to deliver a unique massage experience. In addition, with less plumbing you'll get stronger, more powerful massages with improved energy efficiency.
2. **Simplicity Total Water Care™**: Enjoy crystal-clear water with a user-friendly system that simplifies spa maintenance.
3. **EnduraFrame™ Construction**: Benefit from a wood-free support structure that ensures exceptional durability and eliminates worries about rot or decay.

1. JETPAK THERAPY SYSTEM™

PERSONALIZED THERAPY

THE ONLY SPA DESIGNED JUST FOR YOU.

You deserve the very best hydrotherapy experience. This means a spa that is personalized, just for you, with the specific therapy experiences you prefer, selected to suit your unique needs and preferences.

Only Bullfrog Spas can offer the proprietary and patented JetPak Therapy System, which is the only system that allows you to align your spa experience specifically to your body, your therapy preferences, and your lifestyle. Select your preferred JetPak massages, place them in your favorite seats, move them from seat to seat whenever you like, and upgrade with a new JetPak at any time.

**JetPak Therapy System U.S. Patent # 8,661,576*

POWERFUL MESSAGES

POWERFUL THERAPY THAT EVERYONE CAN ENJOY.

Bullfrog Spas hot tubs with JetPaks are engineered to use much less conventional plumbing than comparable spas. With reduced plumbing, this ultra-efficient system generates less friction, leading to higher pump efficiency and more performance, including plenty of power to run all of the jets at the same time. You'll enjoy better massage experiences for everyone, without the need to limit flow to certain seats.

ENERGY EFFICIENT

HIGHER EFFICIENCY, LOWER COST TO OWN.

Bullfrog Spas with the JetPak® Therapy System are engineered for greater energy efficiency and a lower cost of ownership. Because the jets sit inside the warm spa water, not behind the spa wall, heat is retained more effectively where it matters most. This smart design minimizes heat loss and reduces the energy required to maintain water temperature. With Bullfrog Spas, efficiency is built in, delivering consistent warmth, smarter performance, and long-term savings.

2. SIMPLICITY TOTAL WATER CARE™

EASY WATERCARE

LOW-TOUCH, LOWER CHEMICALS, MORE PEACE OF MIND.

Simplicity Total Water Care™ by Bullfrog Spas makes spa care simple, less costly, and safe. Our easy 3-stage system provides clearer, cleaner water with chlorine levels up to 5–10 times lower than salt-based chlorine systems.

FILTRATION

SMART DESIGN, CLEANER WATER.

The Simplicity® Filtration System uses a unique flat filter that spreads water evenly for better cleaning. This design captures more debris and is easy to remove and replace—without the mess. Resulting in cleaner water with less hassle.

SANITIZATION

LOW TOUCH, HIGH CONFIDENCE.

Choose between FROG® @ease® for Bullfrog Spas, a smart cartridge-based sanitizer, or traditional chlorine. The FROG® @ease® system uses minerals and just the right amount of chlorine to keep water safe and sparkling clean, with fewer harsh chemicals. Resulting in clear water with less effort.

OXIDATION

INVISIBLE POWER, CRYSTAL CLEAR WATER.

Bullfrog Spas offers two automatic oxidation options that remove impurities and support sanitizer performance. Resulting in cleaner, healthier water—all automatically. Choose between WellSpring™ O₃ System and Premium AOP by Clear Comfort®.

3. ENDURAFRAME™

RELIABLE PERFORMANCE

DURABILITY YOU CAN TRUST.

Each Bullfrog Spa is built on our patented EnduraFrame™ support structure, a sturdy and precise molded ABS spa frame. This proprietary support structure doesn't use materials like wood or metal that could rot or corrode in the elements. Instead, you'll enjoy long-lasting support and worry-free performance for years to come.

NO RUST

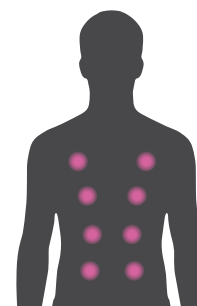

GUIDE TO SELECTING YOUR JETPAKS®

A[®]
SERIES

LUXURY CLASS

STUNNING DESIGN AND THOUGHTFUL LUXURY

A Series® spas feature a variety of thoughtful, comfort-tested seating layouts, along with ergonomic headrests, intentional lighting, and the latest JetPak Therapy System technology ever offered. Available in three trim classes, with stunning designs and rich feature sets to complement your home, lifestyle, and budget. You'll love the stylish and functional touches, safe entry/exit points, and a luxurious spa experience that truly creates a more peaceful life.

INCLUDED ON ALL A SERIES®:

- JetPak Therapy System
- Interior and exterior lighting
- Premium touch-screen spa control
- Premium water feature
- Simplicity filtration system
- WellSpring O3 System
- Premium ergonomic headrests
- Premium Patio Performance fabric cover
- 100% wood-free EnduraFrame support structure

HEADRESTS

The enhanced A Series headrests are better aligned to the neck and spine and offer an improved fit and look, blending seamlessly into the natural contours of the spa.

CONTEMPORARY DESIGN

Each visible component, the cabinet, acrylic shell, headrest, jets, cover, and trim are coordinated with the rest of the spa. The result is a stylish and visually appealing spa that will become the centerpiece of your backyard no matter the color or trim level.

WATER FEATURE

The A Series premium waterfall is smooth, not splashy. A dedicated pump creates a consistent, subtle flow that fills a lighted basin. Both water and light cascade into the spa for a calm mood and a more peaceful environment.

LIGHTING

Enjoy reimagined lighting that includes exterior safety lighting, cup holders, water features, and well-lit controls that are easier than ever to operate at night.

The A Series Select trim level offers JetPaks with new under-lighted headrests that enhance the mood of your spa relaxation. Our inductive lighting technology means you can snap in the JetPak and the lights come on automatically with no need for wires or connectors.

A TRIM FOR YOUR STYLE AND BUDGET

Your A Series spa is available in one of two trim levels: A Series Choice or A Series Select.

The A Series Choice trim level features a standard JetPak count, a nice complement of features, and all the quality of A Series—the perfect way to enjoy a premium spa experience at a price level comparable to spas featuring far less.

The A Series Choice trim level + Luxury Package ensures that you get a well-appointed and thoughtful selection of premium features for a wonderfully luxurious spa experience.

The A Series Select trim level features the maximum JetPak count, along with stunning premium aesthetics, every functional and finish upgrade, and all the finer details that make your spa experience a true delight.

FILTRATION

SIMPLICITY® FILTRATION SYSTEM

This system features dual intakes for effective skimming, an in-wall design that saves an incredible amount of seating space, and an industry-first flat filter that, unlike conventional filters, uses nearly 100% of the filter media. You'll love the performance, space, convenience, and cost savings that come with this simple system

WELLSPRING™ DEDICATED FILTRATION PUMP

The WellSpring dedicated filtration pump is a quiet, vibration-free circulation pump that is more than eight times as effective as standard filtration pumps. Your spa will filter more quietly and effectively while consuming up to 60% less operating energy.

SANITIZATION

FROG® @ease® FOR BULLFROG SPAS

The FROG @ease system provides fresh, clean mineral water with SmartChlor® technology that automatically maintains a low chlorine level, activating when needed. It uses up to 75% less chlorine, reduces the need for shock treatments to just once a month, and helps protect both swimwear and skin.

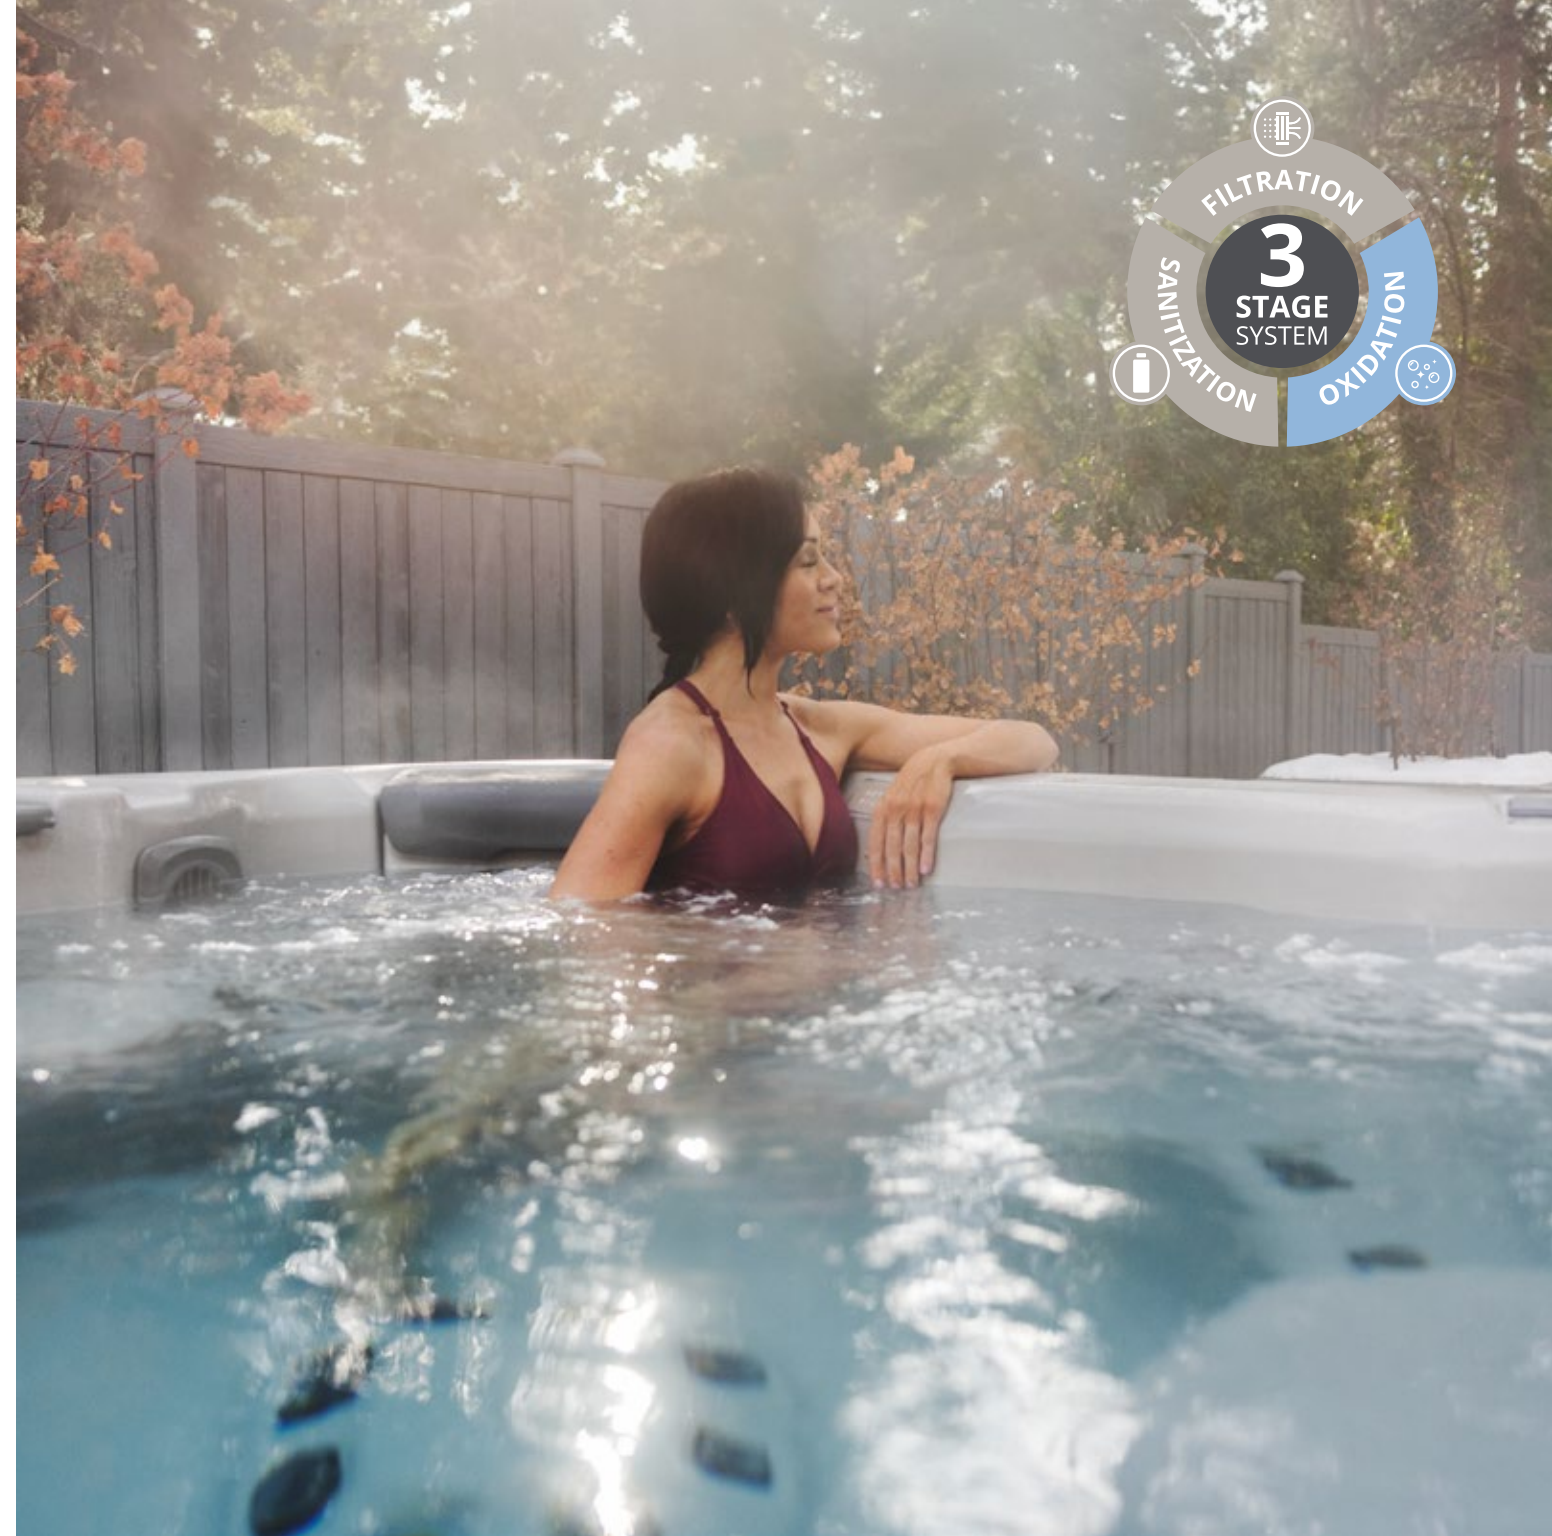

OXIDATION

PREMIUM AOP BY CLEAR COMFORT®

Enjoy worry-free spa ownership with industry-best AOP technology. Clear Comfort for Bullfrog Spas activates during filtration, generating pure oxygen with hydroxyl ions that remove impurities and keep your water clean, clear, and safe—ensuring your spa is always ready.

WELLSPRING™ O₃ SYSTEM

The WellSpring O₃ System features corona discharge electrode technology that creates ozone which increases the purifying oxidation potential of your spa's own water, keeping your spa clean and reducing the amount of sanitizing chemicals needed.

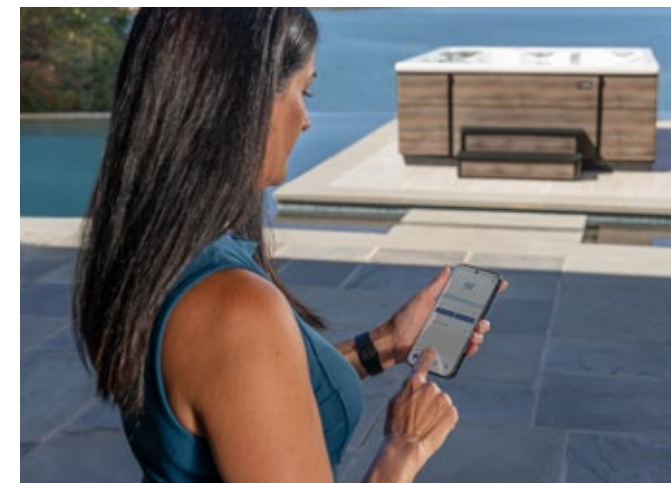

ENHANCED EXPERIENCE

PREMIUM SOUND

Bullfrog Spas feature series-specific audio options that provide rich in-spa surround sound, a reliable and hidden in-wall speaker system with state-of-the-art transducer technology, an in-spa subwoofer, and easy Bluetooth connectivity to your smartphone or digital audio player.*

**Specifications of audio systems and features may vary by series.*

CLOUDCONTROL+[®]

Monitor and control your spa from anywhere with our CloudControl+[®] smartphone app and control module. Connect your spa to your home wifi and operate from anywhere via your connected device. Check the operation status while on vacation, or turn up the temperature and turn on the lights from work to prepare for evening relaxation.

RAISING THE BAR ON SAFETY

Bullfrog Spas makes it safe and easy to get in and out of your spa with minimum effort and maximum security, thanks to our attractive and innovative hot tub accessories, exclusively designed for your spa. Rest assured, your spa is a peaceful place to relax, recover, and reconnect with loved ones.

COVER LIFT OPTIONS

Bullfrog Spas cover lifters add convenience and ease to opening and closing your spa cover. Choose from Cover Ease Classic™ with an easy-to-use mechanical lift system, or select the Cover Ease Plus™ with a handy hydraulic lift assist system that makes lifting your cover easier than ever.

STEP OPTIONS

Make spa entry and exit easy by choosing from a wide selection of matching or coordinating steps. Whether it's the elegant M Series Step, the versatile and highly-configurable A Series Step, the long-lasting Element Step, the affordable Access Step, or the Swim Series Step, you'll enjoy non-slip tread surfaces, secure access, and a more peaceful spa experience.

NON-SLIP SURFACE KIT

The non-slip surface kit defines premium luxury and support with innovative, slip-resistant cushioning. Durable padding adheres to the interior surface of your M Series, A Series, or Swim Series spa, offering an extra layer of premium comfort and safety.
